## **12 Months**

- |   |   |
|---|---|
| Imitates simple actions                                       | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Looks for objects removed from line of vision                 | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Predicts outcomes from events (e.g. pushing button moves toy) | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Puts objects in and out of containers                         | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Transfers objects from one hand to another                    | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Responds to sounds in home (e.g. looks up when phone rings)   | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Understands at least 50 words                                 | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Waves "bye-bye"   | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Plays simple games like "patty-cake" or "peek-a-boo"          | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Sometimes responds to simple commands (e.g. "come here")      | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Uses at least 5 words on a daily basis                        | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Points and vocalizes as a way of obtaining objects            | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Babbles and makes sounds while looking at a picture book      | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Imitates new sounds and words                                 | Y <input type="checkbox"/> N <input type="checkbox"/> |
| Has acquired all skills on the 8 month checklist              | Y <input type="checkbox"/> N <input type="checkbox"/> |

If your child is *not* demonstrating the above developmental skills, consultation is recommended with a private, licensed, speech language pathologist. A simple phone call may determine if a screening test is needed or if your child needs in-depth diagnostic testing. It is better to call now than to "wait and worry." Most often, guidance or short term intervention is all that is needed to prevent future problems from developing. [Contact us](#) to schedule a no cost phone conference.
